

The Kaye Keyboard with Docking Capability

INTRODUCING THE NEXT LEVEL OF PRODUCTIVITY

Elevate your work and stay connected with the revolutionary Kaye Keyboard, designed to seamlessly integrate with the Kaye Tablet Console. Experience convenient features that transform the way you work on the go.

Forego the necessity of an additional mouse and welcome superior portability. The Kaye Keyboard boasts an innovative touchpad that serves as a removable RF mouse. This clever design ensures that you always have a precise optical mouse at your fingertips, conveniently tucked away within the keyboard itself. Whether you're in the production area, in the laboratory, or at a meeting, you'll enjoy effortless handling and transportation, without compromising on functionality.

SLEEK DESIGN, DURABLE BUILD: A PERFECT BLEND OF FORM AND FUNCTION

Crafted with a commitment to both style and durability, the Kaye Keyboard Dock showcases a modern housing with a distinctive rubber bumper in Kaye orange.

The Kaye logo in a vibrant touchpad orange adds a touch of sophistication while highlighting our brand's commitment to quality and innovation.

Navigate through tasks with precision and ease using the integrated touchpad. Effortlessly switch between typing and navigation without the need for external peripherals.

The Keyboard Dock ensures a secure and stable connection to the Kaye Tablet Console. Our locking mechanism guarantees that your console stays in place during use, while maintaining quick and easy removal when needed. The new Kaye Keyboard comes complete with power supply options, including both EU-Cable and US-Cable configurations. No matter where your journey takes you, you'll always be powered up and ready to go.

Elevate your workflow, enhance your mobility, and embrace the future of productivity with the Kaye Keyboard and Tablet Console Docking System. It's time to experience efficiency in its most refined form. Make the move to this great accessory today.
